

PBFJ 特刊投稿聲明

The journal's submission, review and decision process are managed entirely online using Editorial Manager.

The submission website for this journal is located at:
<https://www.editorialmanager.com/pbfj/Default.aspx>

To ensure that all manuscripts are correctly identified for inclusion into the special issue you are editing, it is important that authors select "VSI: 2025 FeAT" when they reach the "Article Type" step in the submission process.

If the author fails to choose the correct special issue article type then the paper will be moved as a regular submission in the journal instead of special issue.

Manuscript Submission Deadline: 30 September 2025

Editorial Acceptance Deadline: 30 June 2026
